

*Raiders'*  
*20th Anniversary*  
*1986*

Andy,

Hi babe, how are ya doing? I'm doing great! It's really hard to believe it's the end of the year already - Can you? Seems like just yesterday I was meeting you & Shawn for the first time. If I'm correct - Shawn wanted to go out w/ Tina and he supposedly was going to get the van and wanted all of us to go to Rusty's pizza together! I don't know what the school year would've been like w/out you & Shawn. I also what my life would be like now w/out you! You are the most special guy in my life and you know how much I mean that. You have been my friend, my boyfriend, my protector & more! It's gonna be hard when you leave but what'll make it all worth it is when you come back and we'll once again be able to hold & love each other even if only for a little while. It will make our relationship so much stronger to finally realize that we're going to stay together and that nothing will be able to break us up except us! It's so much easier to say all of this to your face than write it in a book but I'm doing my best. Like I said before - it's hard to believe that yearbooks are coming out again and that there's only 2 more weeks of school! I hope you have the best graduation, the most awesomest summer and the most terrific future. You're very bright and I know you're going to go so far. You are starting a whole new life - Yours - you're going to now make your own decisions on what you want & want to do! I want to be there by your side to help you succeed. Well, we gotta go because - I just have to

Remember -

I love you  
Now, always & forever!

Love  
Laura

PS - 96+ "88"

# RAIDERS' LOG 1986 VOLUME TWENTY

**I**n September of 1966, Channel Islands High School opened its doors to 918 students, with a teaching staff of 53. Twenty years later our student enrollment is 2485, with a teaching staff of 93.

Since opening its doors in 1966, Channel Islands High School has become a school of intense school pride combined with a rich tradition of student successes. Today Channel Islands is known throughout the area for its outstanding accomplishments in academics, athletics, activities, and its innovative and creative personnel and outstanding young people.

## ACADEMICS

Our 1985 senior graduating class won over \$61,000 for the school's instructional supply budget because of their tremendous improvement in the California Assessment Program test scores. Channel Islands won the district-wide Academic Decathlon competition two years in a row and look forward to another victory this year! More and more of our students every year are taking the Ad-

vanced Placement Test - more students than in any other school in the district!

## ATHLETICS

In the past 20 years Channel Islands High School's athletic program has produced 5 CIF, Southern Section championships and many outstanding individual athletes.

## ACTIVITIES

Our activities program is recognized as one of the best in Southern California. The Band, Drill Team, and Flag Squads have consistently ranked at the top.

I am extremely proud to have been a part of this school for the past 20 years. Over the years the staff and students at Channel Islands High School have developed a spirit of caring and a commitment to excellence that has been remarkable to witness. Perhaps the most important thing that has happened over the past 20 years has been the real cooperation and integration of the total school ... administration, staff, students and parents.

## BALLOONS BUTTONS AND BARBECUE

**O**n a clear and bright sunny Friday, October 18, students from various clubs on our campus were busy getting ready for C. I.'s annual Mardi-Gras. Some clubs sold food such as, spare-ribs, tostadas and eggrolls, while other clubs provided booths for ring toss-

ing, people dunking, button making, and drinking mixed drinks. Mardi-Gras is a festive activity in which the student body gets involved to provide food, entertainment, and FUN, FUN, FUN, for everyone.

1. Angie Anderson makes one of her super nachos.
2. Veronica Michelle and Manuel work the button machine.
3. Food, food and more food.

1. John Sung, one of the happy ring toss winners.
2. The Senior Dunk Booth, starring Betty Vega and Lee Briskin.
3. Drill team members Brenda Vester, Linda Nagatoshi, Alice Ramieriz and Cathy Donato ask for business.
4. Balloons for sale
5. Last call for mixed drinks
6. Marianne Mariano cools off in the freshmen booth.

The dedication and spirit of Channel Islands students was demonstrated this year on School Pride Day. Approximately 250 students showed up on a warm Saturday in September. The students got in teams and worked on several parts of the Quad. Music was played and Scotty Matuatia and Andy Sunia entertained, although Mike MacDonald, Nicole Zanders and Leo Creger were in charge. To reward the students for their participation, Mr. Parizo graciously bought 25 pizzas and gave an inspirational speech along with free pom poms for the upcoming games. Students left with feelings of fulfillment and pride for being a Channel Islands Raider.

1. Leann Vennettilli leaves no spot unpainted. 2. Brian Paul improvises a small brush. 3. Jose Lucero uses ladder to reach the top. 4. Jose uses cross bar to expedite the job.

- 1 Volunteers wait for more paint
- 2 Vivian Basil adds personal touch to trash can
- 3 Wax on wax off brush up, brush down, sand left, sand right
- 4 Sitting down on the job
- 5 All in a days work

**O**n TV., sexy Don Johnson and ultra-hip Philip Michael Thomas of Miami Vice gave us reason to stay home on Friday nights and Bill Cosby made us laugh until we cried. Bob Geldof gathered the best and brightest musicians together for a 17 hour, two continent extravaganza called Live Aid, which helped African famine relief. At the movies, we cheered on beefy Sly Stallone in Rambo: First Blood II and went Back to the Future with diminutive heart throb Michael J. Fox. Saturday morning wrestling became the hottest sport around with such larger than life heroes as Hulk Hogan and bad guy Rowdy Roddy Piper. Bruce Springsteen sparked a new sense of patriotism with his anthem Born in the U.S.A. as he performed to sell-out crowds.

Reeboks, black rubber bracelets, and whimsical watches such as Swatch and Guess? were on everyone's must-have lists and teen night-clubs such as Xenon West gave us a place to party and dance the night away.

Channel Islands High School's 20th Anniversary will be remembered for the many special things that happened. After months of planning, preparation, and hard work, the stage was set for one of the biggest events of the year. This event was CI's *20th Anniversary of the Raider Magical Kingdom*. The week was set up to recognize both the beauty of the Homecoming Queen and princesses, and the Raider Football Team. Concluding the week of fun filled class competitions and dress up days was the annual Football Homecoming Rally with the Royal Court being introduced and crowned. The following day, four outstanding floats built by students of each class were ready for the Homecoming Parade. They proceeded to make their way down the "Main Street" along with the Band, Tall Flags, Short Flags, Drill Team, Pep Squad and the Queen and her court.

Halftime was highlighted with a spectacular hot air balloon bringing in the queen, and a parade around the field with the floats, court, and band, drill team, and the short and tall flag squads. The event was concluded with an eye-catching display of colorful fireworks. The festivities were concluded that evening at the Masquerade Dance. All the planning and support helped make Football Homecoming 1985 one that will long be remembered. It truly was "A Raider World".

1. The Queen arrives in a hot air balloon
2. The junior float places second
3. Tally Rubio with escort Albert Pilpil, Dawn Harris with Brandon Washington and Erika Osako with Tino Sanchez

## 1986 BASKETBALL HOMECOMING UNIQUEST

**B**asketball Homecoming 1986 proved to be quite different from those in the past. *"Cupid strikes the Raider Animal House."* With a theme like that, the events of the week were limitless. The activities included a guys and a girls hush day, class competitions and dress up days featuring the ever popular "Toga Day." The week was concluded with the traditional Homecoming Rally. The Royal King and His court were introduced in great splendor. The rally featured award winning performances by Channel Islanders squads. It also featured a parade of floats built by the individual classes. The sophomore class won first prize, the juniors won second and the freshmen and seniors tied for third. That night the gym was packed with people for the Valentines Sweethearts Dance. The spotlight dance was very decent. The game and half time show were the following night. The game was won in the final seconds when Brian Gains jump shot fell through with no time left. The score was 50 to 41. Highlighted with these events, it is easy to say that "Basketball Homecoming 1986" will be remembered as one of the most uniquest of its kind in the last 20 years at Channel Islands High School.

## BOARD OF TRUSTEES OBJECTIVES, 1985-1986

### I. Curriculum and Instruction

Review State's Model Curriculum Standards and compare with District Frameworks. Continue development of Criterion Reference Test for curriculum areas. Complete implementation of a comprehensive reading program on all campuses for the purpose of improving pro-student reading skills. Review every vocational

education course in light of present and future job market needs and revise accordingly

### II. Student Services

Identify student attrition and dropout rates and study causes and design intervention and strategies to reduce these rates. Continue improvement of single period absences using the 1984-85 school year as the comparison. Maintain Average Daily

Attendance at 97% or better

### III. Business Services and Facilities

Implement work standards for maintenance, operations, and transportation personnel. Complete and implement a long-range plan for all departments for the repair and replacement of instructional equipment. Develop and implement a plan for improving the appearance of each individual campus.

**KEN BENEFIELD, PRINCIPAL**

**20 YEARS AGO**

I predict that in twenty years, the son or daughter of Tom Parizo will be the Activities Director at CI. The trees in the center of the quad area will have grown back and will once again look like trees.

CIHS will have an olympic size swimming pool, and The Benefield Student Center, which will include career and tutorial services, health center, and student government offices, will be a reality. The "Raiders" very own football stadium will also be in use.

Enrollment at CIHS will have decreased because several hundred students will have opted to stay at home and obtain their education via computer assisted educational programs.

Twenty years from now, my secretary, Eva, will still be driving the same car which will upset Mr. Masterson.

The incoming ninth graders will be taking "Flying Ed." and "Flying Training", as the mode of transportation will be miniature rockets.

Noon time activities in the quad will feature the music of today as "oldies, but goodies", and the ladies in the office will still be requesting "Willie Nelson".

**Mr. Ralph Gonzales**

**AFTER THE GREAT QUAKE, C.I. WILL BE AN ISLAND**

**Mr. Grimm**

The learning process will not change drastically. Therefore, the methods of instruction will not change drastically. However, what will change drastically, is what must be learned and what equipment will be utilized to learn.

In twenty years I predict that our society will be an extremely technological society. I can envision compact microprocessors on every desk, T.V. monitors/VCR's in every room. Centralized production centers will produce educational videos. Word processors will assist students in writing, computer/calculators will assist students in computing. Technology will abound in all areas.

Channel Islands High will not change much. Students are students are students. The school's physical plant will not change except for construction.

# HOW DO TODAY'S STUDENTS COMPARE WITH THOSE 20 YEARS AGO

Educationally, speaking, students today are receiving much more service since the age of computer came into being. However, very few of our students are utilizing this knowledge. I believe that wars will be fought with computers. Because of the later and the experiences I have with high school students, I see that our students are apathetic and insecure. There is fear and uncertainty about their future. They care little about what is going on, consequently, "partying" is in essence part of their goal. I don't blame them. Twenty years ago the young were fighting a force battle to make America a better place to live.

It takes much to continue the struggle, it takes sensitivity for other people's needs who are less fortunate

than we. It takes commitment and dedication to be part of a changing world. We must first change ourselves and then we can help others — and get on with the struggle.

**Dr. Valasquez**

Students of today are generally brighter, have better academic skill and are more knowledgeable about the world and life in general. They are much more aware of the career opportunities available and of the rapidly changing "World of Work".

In many ways today's young people are very similar to those of 20 years ago — problems such as "becoming an adult" and facing a rapidly approaching independence are not much different than they were 20 years ago.

**Mr. Wilhite**

Today's teenage students enjoy the benefits of advanced technology and in many ways are better informed.

**Mr. Murray**

Students today have more challenges than those 20 years ago. High School and College entrance requirements are harder and advanced technology such as high use of computers is changing the curriculum and job entry requirements in virtually every profession. Also the "Punkers" have added a lot of color to the schools!

Back in 1968 the Beatles had just come on the scene. I was madly in love with them. But we have Mr. T, Snake and Madonna who are among the stars of today. Today's kids have short hair cut in hair. I don't know how especially young kids have shaved hair. I don't know how hair and the 20 Madonna. Twenty years ago my hair and style were the same and everyone wanted to look like the Beatles. Students of today are living with the inventions of the computer, robots, and microwaves. Twenty years ago there were only a few computers around. Today's students seem to live more with the threat of nuclear war. It is really they seem to be under more stress because of personal problems. The world today, 1985, is also more polluted than 20 years ago. Twenty years ago we were just becoming aware of effects of chemicals. The music of the 80's also seems to be getting back to saying what is meaningful and making a statement to society about personal world problems. The music of the 60's was like this, very deep and political.

All in all students of today seem to care and be aware as students of the 60's did. We cannot lose the idealism and energy of the 60's. We must keep the fire burning desiring to make our world a better place. This is up to our future leaders the youth of the 80's.

I personally love to read and to write. Teaching English is a natural extension of this love. I really enjoy introducing literary works and stories and encouraging students to read and examine them, and later evaluate them. Writing is the one area in your life in which you have total control. ### LOIS PEDERSEN

Reasons for teaching are my love  
to work with people and to share  
the many books I have read. I have  
always enjoyed writing and read-  
ing- the sound of words- the voice  
of characters in novels. Also as long  
as I can remember I have wanted to  
teach. Teaching English lets me  
talk, share, read, write, act- all the  
fun things.

## INTRODUCTION

Normal changes will occur in this and Section 2. The number of questions on Age of Telecommunications will inevitably change along with the year.

One hundred percent electronically minded. Every classroom will have its computers and the teacher will be a coordinator and he/she will go around answering the students' questions. The relationship between teachers and students will be more like that of a business supervisor towards his employees. The inspirational role of a teacher will be minimized, unfortunately.

I think students will be very nervous about getting a good education because there will be very few high paying jobs left for them when they graduate and those will go only to the most intelligent people.

Twenty years ago there were three girls working in the office. The A.S.B. book-keeper was also the switchboard operator and worked in the front office as you enter the building. Additionally, there was a principal's secretary and a faculty secretary. The office was half the size it is to day. There were no attendance windows where they are now. The counter was in side the office and students could come in and sit down on benches inside the office.

Everything was new - from the students, teachers, administrators and staff members. All the office equipment and furniture was new. The secretaries had IBM electric typewriters, but at that time nobody had ever heard of self-correcting typewriters! All student registration was done by hand, one by one. Almost all work was done on duplicating and mimeograph machines using stencils and ditto masters. There was no copying machine.

Today we have seven secretaries in the office and 8 desks, in addition to an ASB Bookkeeper, Faculty Secretary, and a Career Education Technician. There are two clerks in the library. The office has been expanded, and we have progressed from electric typewriters to electronic typewriters and computers!

I'm proud to be a Raider. When I began school in my freshmen year, I didn't know anything about ASB, college and University opportunities. I didn't speak English. I am a Mexican and I came to the U. S. in my freshmen year, 1982. I also got involved in clubs. In my 3rd year I took all college prep classes except for one. My senior year has been the best. In this great year I became Senior Vice-President. I will never forget C. I. nor the experiences at this school. I enjoyed being a student at Channel Islands High School.

My four years at C.I. have been the best years of my life. My Junior year was great but my Senior year was the best! Homecoming '85 was so much fun - staying up working on the float at Jarrod's. Senior Trip to Magic Mountain was great - *Squish!!* I'll always Remember the fun times with my friends-the memories. To my friends who have watched me grow-up in the past four years, I love you and I'll always Remember you. Channel Islands will always be #1.

Four years at C.I. have brought me so many good times. The activities such as sports, or otherwise, is the best anywhere. The teachers are great, the school spirit is the best, and everything else is totally awesome. For these things, I thank Channel Islands High.

The years have gone by so fast! I can't believe I'm already a "senior". I had such a *GREAT* time and I'm proud to be part of the Raider family. Channel Islands has brought me many good friends, good times, and good memories that will not soon be forgotten.

I just love C.I's spirit!! Ever since my freshmen year, this school has had a fantastic reputation for being a great school. Through the years of homecoming, dances, rallies and other special events, I've become part of this large family. Other than these events I've met caring and wonderful friends who will remain in my heart even after graduation.

My four years here at Channel Islands high school have been the best years of my life. I have met so many great people and I have had a blast doing it. In my senior year I've done twice as much as the other 3 years put together and I love it. It'll be hard to leave this awesome school but it'll be harder going out into the real world. Even after June 13 I will always be a Raider.

"Fast and Fantastic!" My years at C.I. are described just like that! I can't believe I'm actually a senior. So much has happened in my four years here at the greatest school around. I have so many memories, such great friends, and I'm scared as heck to leave all this security. All I can say to my friends is enjoy your years while you can . . . Class of 1986 can't wait for our crazy reunions!

I remember my first Mardi-Gras as a freshmen. I was working the Interact Dunk Tank when I saw it. The essence of high school summed up in four words...Derek Hill and Bobby Caldwell. The image of them hawking balls and dunking an unsuspecting freshmen (me!) will always be a summation of my high school years.

ASB Members see many people and do many things. They have put on phenomenal homecomings, dances and other activities. The greatest part of it all is that every thing is done by students. Of course the advisor, Tom Parizo, is always around to guide them when he is needed, but all of the handwork and decision making is done by the members of ASB.

Every member learns the importance of delegating and following through responsibility. Being exposed to such concepts has definitely better prepared them for their future and made them better people today.

Cheerleaders are in charge of all the rallies. The Varsity, JV, and Freshman all get together and brainstorm ideas. They take a vote and choose the best.

They also try their best to take care of the athletes, which in sports such as football, basketball, and baseball.

All three squads went to USA sum-

mer Cheerleading Camp. Varsity split up and went to sing and cheer. Both song's and cheer's had to take a performance to show to the USA staff. They were evaluated and both groups received *SUPERIOR*. They also had to learn song routines and cheers and received *SUPERIOR* on those also.

Each night the camp gave out

*SPIRIT STICKS* which go to the squads with the most *SPIRIT*!!!

Channel Islands High School received one each night. Their hope for the underclassmen, is to continue to bring out School Spirit and Pride throughout their four years at CI.

The yearbook class is for somebody who wants to help create memories, and for graduating seniors. It's a class that gives you responsibility, and a chance to be creative. A lot of time and effort goes into making the book. It has to be organized, layouts created, copy typed and proofread, pictures taken, and deadlines met. Sometimes there is conflict with the rest of the staff as to where a section should go. But, all this frustration and hard work pays off at the end when you represent your school with memories of the past year. HAPPY 20TH ANNIVERSARY!"

The start was very shaky for many of the team members. It was their first time playing organized football. It showed in the first five games. They won only two of them. But they kept learning and working hard. The hard work started to show, they won their last five games of the season. The defense which has become a trademark at this school allowed only 25 points while the offense produced 136 points in the second half of the season.

What follows is a tribute to the graduating Seniors:

**Tanu Aupiu** - This young man is 100% football player. Wherever he played he performed outstandingly well - whether it was strong safety, defensive end, or wing back. A winner.

**James Clarkson** - Although he lacked experience, this young man did not lack "Raider Pride." A real team man

**Scott Davis** - Knows the value of hard work. Scott led by example. This Senior win back was elected to the 1985 All Mar Monte League team

**Robert Garza** - Known as "Rocky" by his team mates. Very strong defensive tackle. A two year varsity letterman

**Alfred Gordon** - A versatile athlete. Led the county in punting average - 36.8 yards per kick. Led team in pass

receiving at tight end. played well at defensive end also.

**Carl Hughes** - One of the top running backs in Raider history. Voted most valuable player of team. Two years elected to the All League Team. Ability is matched only by the way he treated others.

**Sione Isaia** - Played extremely well from his defensive tackle position. Very quick, very tough. Started whole season in spirit of limited experience. A competitor.

**James Jackson** - Needed only time to become a top notch defensive end. Played very ably on specialty teams.

**Gregory Leach** - A extremely hard worker. By the end of the season was starting tight end. Made many blocks from behind in win over Palos Verdes.

**Paul Lopez** - One of the best outside line backers in Ventura County. Brought intelligence and instincts to

the line backer position.

**Steve Lozano** - A fighting spirit that often inspired team mates. This inside line backer played with true desire and intensity.

**Charles MacDonald** - Biggest catch of the year was made by Charles in win over Camarillo. The determination of our stating split end will always be remembered by his team mates.

**Thomas Neusom** - Finished the year as our starting strong safety. Thomas always brought a team attitude to the field. Has contributed much to the Raider success in the last two years.

**Edward Sajor** - Our starting free safety was a team leader by his example of hard work and caring for others. In our final victory Ed had two interceptions and a fumble recovery. Not a bad night's work.

**Andrew Sunia** - He was not only a powerful player, he was also a powerful leader. Andy was a dominant planter at both defensive tackle and offensive guard. Voted co-most valuable player by his team mates.

**Thomas Zavala** - This two year letterman and defensive end contributed much to the Raider cause as a special team performer in 1985.

The 1985 version of the Blue and Gold experienced many highlights and low points during the season. This was a team that started the year with only five seniors who had played extensively the year before. But by mid-season, through their hard work, this group was in the fight for the Marmonte League Championship and a playoff berth. Although the team fell short of their goals they never fell short in the area of pride.

When asked to summarize the season, Coach Wotten replied, "We had a lot of fun this season. The girls improved a lot from the beginning of the season and went out with a winning streak. We did not place very high in the standings (I'm not sure where we ended up) but we represented Channel Islands very well."

# VARSITY FINISHES FOURTH

The team started off the season with three pre-season victories, but then lost three straight. After that, the girls got themselves together and did a fine job to take the fourth place in the Marmonte League. The league was tough this year so it was the first time in three years that the team didn't make it to the CIF playoffs. Next year they'll be stronger.

At the beginning of the season coach Rada said, "Being a young team in the second year of building a program our expectation remains to improve and have fun while we play. We have two outstanding golfers Senior John Paul Fredette and Sophomore Joe Heslip who have the ability of quality for individuals C.I.F. competition in June. We also are grateful to have the new River Ridge course in Oxnard as our home."

The J.V. completed another fine season as they defended their sole Marmonte League title by repeating as Co-League Champions. Their overall dual meet record was 7-1, as their only lose was to the Co-League Champions Westlake.

Their tournament record continued to shine with excellence as they repeated as Champions at the Ventura Sunrise Optimist Tournament and at the Marmonte league Tournament. To compliment these two outstanding showing the J.V. place second at the

Simi Soph-frosh Tournament and second to the Buena varsity at the Thousand Oaks soph-frosh Tournament.

The J.V. is stacked with fine young talent such as Freshmans Arnal Sudaria, Bruce Griefenstein, and Andy Salazar, Sophomores dominated the line up as Kirk Stone, Hung and James Balcourt, and returning two-time League Champion Tommy Flores crushed their opponents. With such a powerful young team Channel Islands will continue to be a force to be reconciled with.

The Wrestling Team had another outstanding season finishing 7-1 overall and 5-1 in league to finish 2nd in the final team standings, (a notch up from last years 6-2 campaign). In Tournament competition the team performed even better. Winning the Championship at the El Rancho 38 Team Invitational, 3rd at Colton Christmas Classic, and 3rd at the always tough Edgewood Tournament, which was a big mental lift toward the League Finals.

The situation looks GREAT for next year with all but 2 starters returning along with the fantastic 2XJ.V. Marmonte League Champions the Raiders will be a real power!

"It was a Year of learning and fun, but we're proud of this years team. We improved as the season went on. We did well compared to last years team. We (Letty Ferrer and Ollie Otis) tried our best. Ending the year with a satisfying 10 - 10 over all record. This year was a first for me and head coach Letty Ferrer at Channel Islands. Special thanks to: Ryle, Letty, Yearbook, and the team of '85 - '86 season for all the memories. It was Fun."

The **VARSITY GIRLS BASKETBALL** season was good. Some key people were lost right before the league started and there were some bad injuries at the wrong time that kept them from being 100% during league play, but the girls played their best. Coach Lynch said, "One of the bright spots of this year was finding two young freshmens, Tasha Johnson Yteb Bowls. These two combined with Yvette Ortega and Josie Vasquez, and Valerie Solitaire make the future look bright. But this year I'd like to say good-bye to three very special players and friends, good luck in the future Cam, Carol and Cindy."

The girls were Consolation Champs at the Thousand Oaks Tournament. Yvette Ortega was All Tournament. At the Oxnard Tournament the team came in third. Nancy Tayau and Yvette Ortega were All Tournament.

The overall record was 12 and 13. League was 2 and 10, and pre-season was 10 and 3

The season began with the Raiders winning the Nordoff Tournament. The preseason schedule also included the Dos Pueblos and Venture Kiwanis Tournament. The varsity started league play with a 6-4 record.

League play proved to be what they had anticipated. Except for Simi, the other teams were evenly balanced. The Raiders lost 4 games by a total of 11 points. Their second loss to Westlake eliminated them from a possible playoff berth.

Highlight of league play had to be the homecoming game in which they beat Thousand Oaks School by one point in the last 3 seconds of play. The Raiders finished the season with a 10-12 record.

The 1986 J.V. Baseball Team looks forward to having an exciting season. Most of the team members have moved up from the 1985 freshmen baseball team. Defense, pitching, and team spirit will be the key factors for this years team.

The J.V.'s begin their season at home with a doubleheader against Oxnard. Another doubleheader and tournament will prepare the team for tough competition in the League.

Henry Alfaro and Eddie Sajor will lead this years Raider baseball team. The team will be somewhat young and inexperienced but the season should still be exciting. Returning Raiders on the team are: Henry Alfaro our All League infielder. He is also one of the leading hitters in the county and a four year letterman. Eddie Sajor has exceptional speed and should be a great leaddoff hitter. Also returning Alex Mortel an excellent hitter and outfielder. Victor Landeros an outstanding defensive infielder. Larry Guzman is very versatile being not only a pitcher but an outfielder. Richard Morimoto and Tom Couture are exceptional high school catchers.

Our power hitters are George Lopez, Alex Mortel, John Sunia and Freshman Patrick Avila. Our lead pitching squad contains Benn Sherman, George Lopez, Larry Guzman, and Gabe Ramirez.

As I said the team is young and inexperienced yet with each game we will get better. This will lead to a very competitive season as it progresses.

Due to the experience of most of the team members it was difficult to predict an outcome. The players were enthusiastic and willing to work hard to establish a winning tradition at C.I. They were at a tremendous disadvantage due to not having an experienced fast pitch pitcher. The rest of the League has a strong youth girls fast pitch program. We will work to build a nucleus of girls to be more competitive in softball. The standouts were Sonya Beltowski, and Jackie Valles

Our main expectation this season is to increase the interest in tennis at Channel Islands. First by increasing the number of people who participate, and second, by improving the quality of our team so that we can raise the morale of our players. Our team is working hard and improving. There is a great sense of team spirit, which is not that common in the individual sports. This year is laying a solid foundation for future teams.

# A rented tuxedo doesn't have to look rented.

When you rent a tuxedo you want  
it to fit the occasion. And you

Wish you saw a tuxedo that came  
down to A/C Formal Wear.

A/C Formal Wear has the finest  
selection of tuxedos in the area.

When you design a tuxedo, it's not  
just the suit, the shirt, the tie, and the  
vest. It's the entire look. And that's  
what we do.

We have a place that has suited  
people for over 30 years.

Now get a rented tuxedo that doesn't  
look rented.

Dear Mother  
I am so glad to hear from you and  
all the family. I am well and hope  
this letter finds you all the same.  
I have been thinking of you very much  
and wondering how you are getting on.  
I hope you are all happy and well.  
I will write again soon.

andy,  
 Well, you're going  
 along now and I'm  
 just going in a separate  
 way. I hope I can write  
 you soon. I'll be sure  
 to let you know.  
 Love,  
 Mary

I have been thinking of you  
 and wondering how you are  
 getting on. I hope you are  
 well and happy. I have been  
 very busy lately, but I  
 will try to write to you  
 more often. I love you  
 very much.

Andy.  
Take care +  
watch your step. Be good  
to Laura (or I'll Kick your Ass).  
Although you're the goofiest  
mother fucker I've ever known. But  
your good for her.

Andy  
I was glad  
to see you. I  
hope you had a  
good year. You're a  
crazy good

Andy

Oh well, so what?  
The 11 years is life.  
Don't be here for  
400 much trouble we  
into each other and  
and maybe one again.  
was to do it. Don't  
Mr. Henry but well, good  
Andy, you're a crazy  
into the somebody  
well, good luck  
Don't get into  
I actually  
through college.

Andy, (Grandpa)

So how's life?  
Hopefully good. You've  
helped me out through  
thick-n-thin and I  
just want to say  
thanks for everything.  
You're the greatest  
Grandpa and just  
remember, your grand-  
daughter loves you!

Love always  
Your granddaughter,

Karen

Smile!

Andy.  
Like we finally are going to graduate!  
Bt her huh? Like I'll be seeing around,  
especially the teacher's! And I'll be like a bunch of  
And fairly hardy? We're finally out! I'm proud  
of this insane school!

"dehydrators"

Andy  
Hi, we had some  
great times. I'm  
glad we're friends.  
You have a special  
chic there. You better  
take care of her.  
Love always  
Karen

~~Karen~~

It was nice  
to know you. Hope  
you're doing  
good soon.  
So  
Andy
